FOREWORD

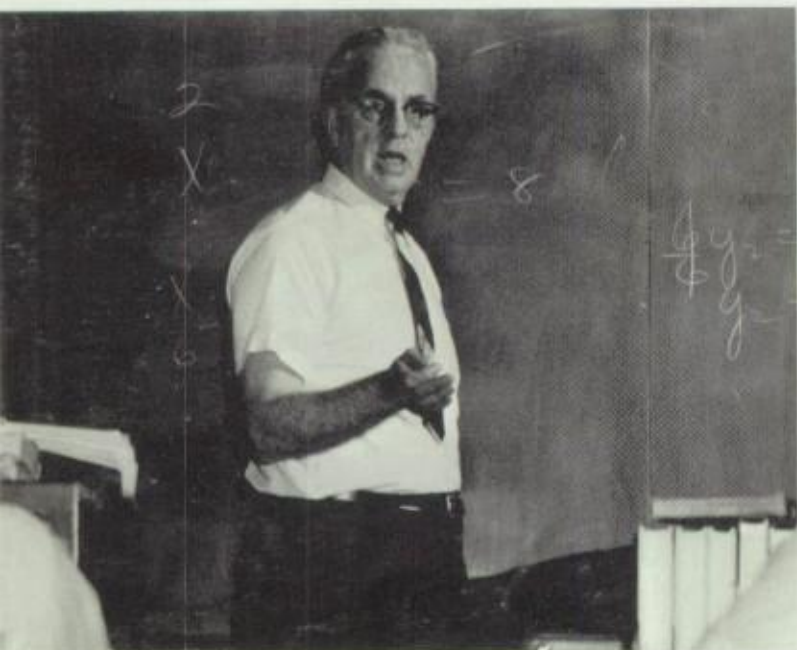

In preparing us for our future years, Alexander Central School has helped us through many of the seemingly difficult times which are destined to everyone. It also has brought us times of gaiety and enjoyment. Surely these are the moments that will reign in the memories of the Class of 1968 forever.

DEDICATION

Mr. George Parry

One of the most dedicated teachers of A.C.S. whose unfailing, sincere interest in aiding each student is Mr. Parry. We, who have had him as a Math teacher, have learned to respect and appreciate him for his patience, perseverance and understanding. He incessantly gives his help to someone in some way. We, the Class of 1968 are sincerely grateful and wish to dedicate this year's "Trojan" to Mr. George Parry who, we feel, is most deserving of this honor.

IN MEMORIAM

Carl Smith

We wish to remember one of our 1965 graduates, Carl Smith, who gave his life in the service of his country in Vietnam on May 1, 1967. Carl was a very quiet and respectful student. While at Alexander he took an active part in F.F.A. of which he was a member for four years. He also worked in the 4-H Program and in his senior year worked on the Senior Ball Committee. He will always be remembered by his teachers and the students.

RETIREMENT

Mrs. Roth

A very essential part of our education begins in the grades and we who had Mrs. Roth know how much time, energy, and patience she gave to each of us. It was because of this strong foundation of learning and her happy attitude that gave us a good start in our school life. Mrs. Roth taught for twenty-six years; seventeen of which were spent at Alexander Central. She will always hold an important place in our memories.

To another member of our faculty, Miss Hastings, we dedicate this yearbook. In June of 1966, she retired after forty years of teaching, thirty-six of which were in Alexander School District. Miss Hastings, whose continued efforts during these many years of teaching, trained and guided us for our future endeavors; for her excellent teaching, guidance and devotion, we are sincerely thankful.

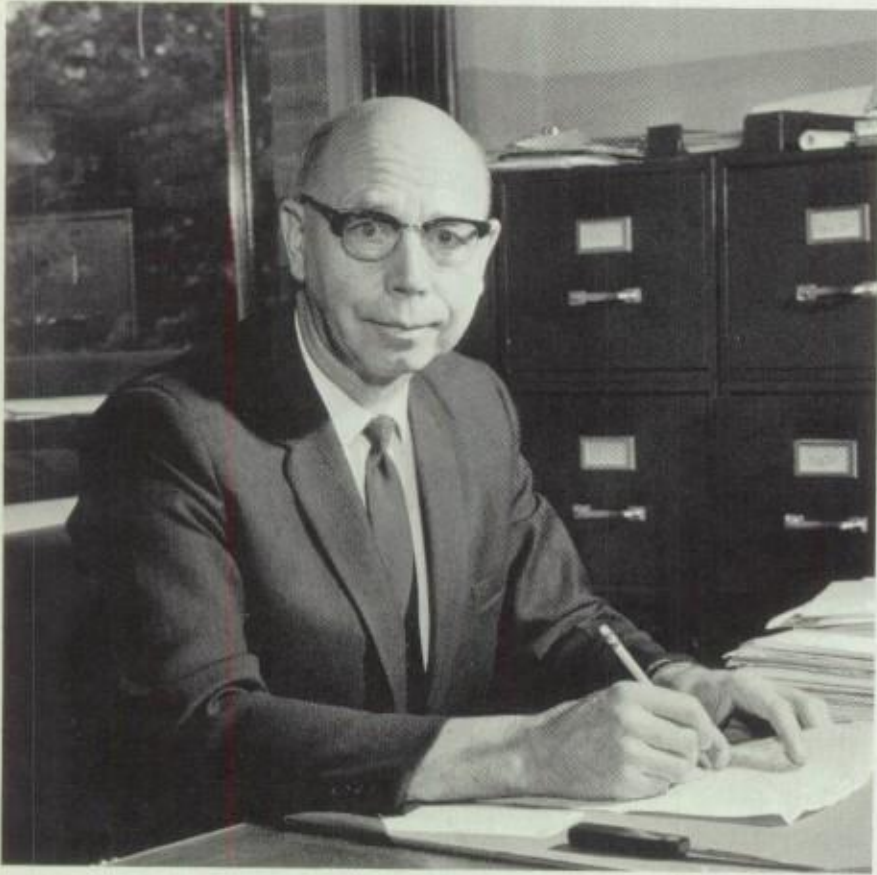

Miss Hastings

ADMINISTRATION

PRINCIPALS

MR. DAYTON

Throughout our past school years at A.C.S., there has been a man dedicated to each student. He has shown and taught us by his experience, the difference between right and wrong. His advice has prompted us to set our goals high, and to settle for nothing less. His guidance and understanding have prepared us for the years which lie ahead. We, the class of 1968, would like to say, thanks to you, our supervising principal, Mr. A. Warren Dayton.

The assistant principal, Mr. Samuel J. Pirro, is dedicated to the cause of making Alexander Central an established place of learning. He tries to guide each student towards his special goal in life, keeping in mind that he is doing it for the benefit of the student. For this, Mr. Pirro, may we express our highest esteem and gratitude.

MR. PIRRO

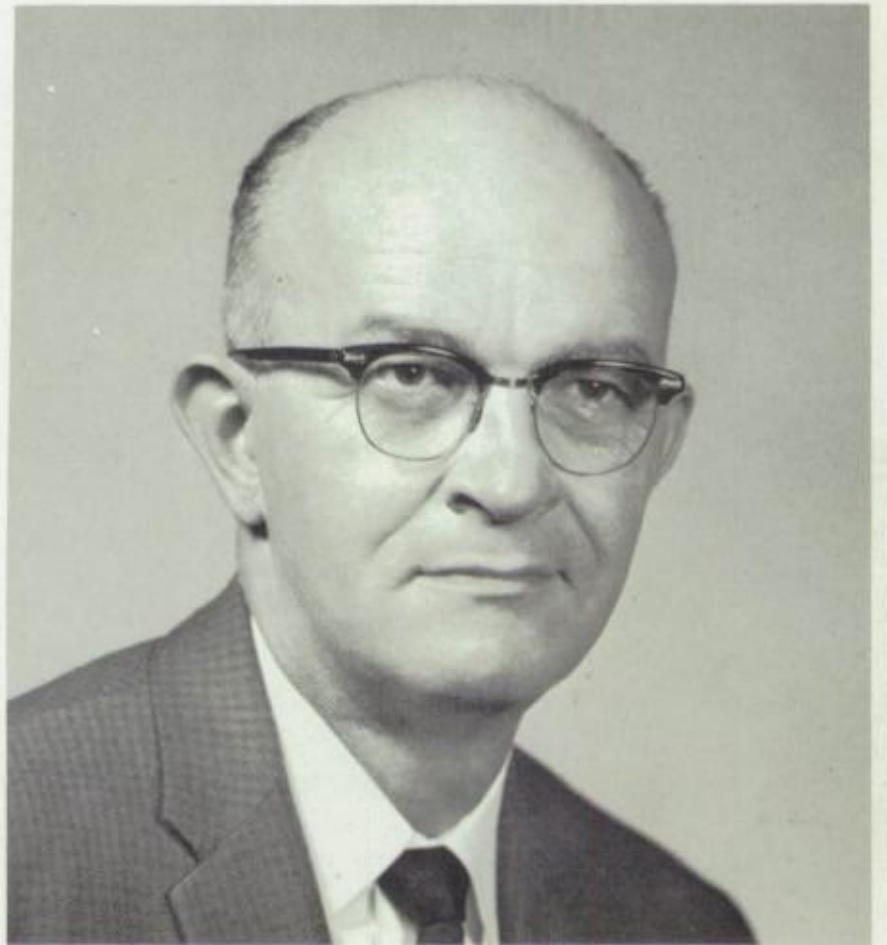

MISS LARAMY

As Seniors, we can say that through experience the hardest time of development is the early years of school life. Here is where our character and preparedness for high school begin to take place. While in the little school, as we fondly remember it, Miss Laramy, our elementary principal, guided us through these sometimes perilous moments to make that time knowledgable and enjoyable.

SUPERINTENDENT OF SCHOOLS

It is the duty of Mr. Hugh W. Vanderhoof, Superintendent of Schools, and our Alexander Central School Board of Education to keep our school system running smoothly. With each decision that must be made, a sincere interest and concern for the student body is expressed. We would like to extend to them our deepest gratitude.

night classes were attend- dent, so afternoon classes are a new experience for me.

The diploma I hope to earn in the United States is valid in my country so I can go to college. But first I must pass the college exams and they are quite difficult!

I am going to attend two colleges at the same time: Sociology and Politics, and Law. I intend to go into Diplomacy, which I like very much. I also would like to be a politician sometime.

I have seven brothers and two sisters (this is a big family!) My father is principal and my mother teaches in an elementary school.

This year in the United States has been a wonderful experience for me. I have learned about American customs, ways of life, school systems, and many other things. I am eager for the coming snow. But what has pleased me above all is the friendliness of the American people.

Many people helped me see these things in the United States. I would like to thank everybody very much for all they have done for me. I think all these people are contributing to build a new world full of peace and understanding among the countries. I am going to take to my country the best impression possible of Alexander and the American people.

My summer spent in Belgium was one of the most broadening experiences of my life. I not only learned much about my host country, but I also became acquainted with the many different customs of European life.

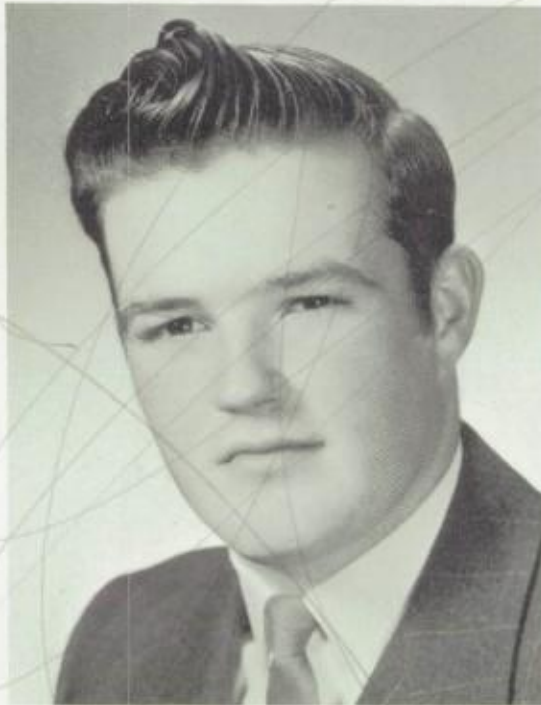

I lived on a farm, just south of the capital, Brussels, with a family of four. Since I lived in a bi-lingual region, I learned Flemish as well as French. My sister, Raymonde, often helped me with my language difficulties along with my mother who spoke these two languages fluently.

I am satisfied with the relations I made with my family, and all my Belgian friends. I learned that a student going abroad with A.F.S. is not just a guest, but an individual who is expected to become a member of a family. The more a participant joins in and gives of himself, the more satisfaction he will receive from his experience.

I wish to express my gratitude to the Alexander A.F.S. committee, the class of 1968 for their efforts in the A.F.S. pizza sale, and my family for presenting me with such a wonderful experience.

Because the A.A. program is so rewarding, I hope it will be continued and many more Alexander students will be able to take part in the American Field Service.

This year our chapter attended and sponsored many F.F.A. activities. The Chapter was represented at the Genesee County fair where we participated in various contests. Other highlights of the year were the F.F.A. and F.H.A. Christmas party, where Betsy Smith was elected Chapter Sweetheart. Judgings by the State F.F.A., the Delhi Chapter, and the State Fair were held. During the summer, five of our members attended the F.F.A. Camp. The Chapter Meeting contest was another event of this year's program.

Clarence Acomb and Robyn Breckenrige took part in the National Convention held in Kansas City. Also two of our members were awarded Empire Farmer degrees at the state convention last spring. They were David Hodgins and David Burnell.

The Trojans this year were led by the high scorer of the league, Barry Garigen. Barry's total points, at press time, were 266 points for 13 games. Thus far, the average per game for Barry was 20.4 pts.

Bob Kriner showed outstanding improvement from last year. With his strong determination to improve the Trojan's standing in the league. Bob will most likely lead the Trojans toward victory next year.

Although the Trojans have seen better years, as far as victories are concerned, their sportsmanship and determination are prevalent among the league.
